Presentation of the company and business concept

Ekerö Redovisningsbyrå AB was founded in 1987. We assure our clients full confidentiality and a high level of professionalism. Since the start, an increasing number of companies, have given us the confidence to work for them. Today we are proud to be one of Swedens biggest companies in our line of business.

We are a service bureau with a complete range of products and services. We also have a high qualified team of professional employees. We are able to be your complete financial partner.

The Business concept

ERB offers our clients a wide and competitive range of products and services with the highest quality standards. We adapt our procedures to each company, with the intention to make our clients business more efficient.
